HOOK

USER GUIDE

Thanks for purchasing the HOOK Digital Luggage Scale! This User Guide is designed to get you up and running quickly with your scale. Scales are precision instruments and require proper care and skill to get the best results. If you have questions or need support, visit us at truweigh.com/support or scan the QR Code on the back of this manual using your smartphone.

What's In The Box

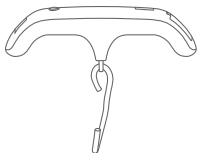

User Guide

Two CR2032
Lithium Batteries

HOOK Digital
Luggage Scale

Key Descriptions

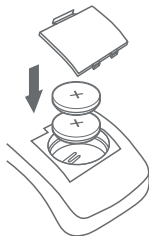

ON/OFF - Turns the scale ON or OFF.

Tap during startup (display shows '8888') to change weighing unit.

POWER LOCK - Disables the ON/OFF button to prevent accidentally turning the scale on during transit.

CR2032 Battery
Installation

Weighing Your First Item

1. Press the **ON/OFF** key to turn the scale on.
2. Using the weighing hook, suspend the item you want to weigh.
3. Once the weight has stabilized, the auto-hold feature will lock the weight on the display.
4. Press the **ON/OFF** key to clear the weight. The scale is now ready to weigh the next item.

Power Lock

The power lock saves energy by preventing the scale from turning on accidentally during transit in your bag or luggage.

1. To lock the **ON/OFF** button, slide the Power Lock switch to the **OFF** position.
2. To re-enable the **ON/OFF** button, slide the Power Lock switch to the **ON** position.

Things To Avoid

Air Currents

Vibration

Extreme Temps

**Radio Frequency
Interference**

High Humidity
